

A young boy with dark hair, wearing a red and blue plaid shirt, is shown in profile, looking down at a wooden planter box filled with green plants. He is holding a bright green watering can, which is tilted towards the plants. The background is a soft, out-of-focus field of golden-brown grass or flowers. The overall scene is bright and sunny, suggesting a summer day.

SUMMER ACTIVITIES & EVENTS
FOR FAMILIES

THE
WEEK 5 FOCUS

22 - 28 AUGUST

SUMMER 2022

IN OUT SHAKE IT ALL ABOUT

Hey there and welcome to the Week 5 focus

So, in the last edition I was celebrating the prospect of rain and although very grateful it arrived, we were pretty gutted the Little Sing Song session planned for Wanstead Flats had to be postponed. But it wasn't enough rain to sort out the water shortages so it isn't surprising a hosepipe ban is on its way (make the most of the local fountains whilst you can).

This week I've decided to err on the side of caution and hold indoor sessions. The first takes place on Monday 22 at Mammoth Tap in Leytonstone. It'll be our first singalong there and it'll be great having a change of scenery!

In fact, I'm sure a change of scenery (whether close to or within your home or further afield) is often all our families need to provide a bit of fun/respice. In this edition I've focused on a variety of indoor and outdoor events within a small radius of E11 but on the days when you can't or don't feel like leaving home, why not trying a change of scenery within the home...a balcony or garden cinema, a daytime wet or messy play in the bathroom, bring back the kitchen discos of 2020... You get the gist.

Activities and events are subject to change so please check with the event organisers/venues before attending. If you spot an error, want to add an event or want to know more about Little Sing Song feel free to drop me a message.

Have fun x
Danie

A message from our mates at the UEL Baby Dev Lab

The University of East London Baby Development Lab is **open all summer!**

We're currently need **Baby Scientists aged 2 to 6-months-old** to help us understand how babies develop thinking and communicating skills...

How can you help? By playing with toys!

We can provide:

- The chance to be involved in cutting-edge psychology research
- Shopping vouchers for participation
- Paid taxis to and from our lab in Stratford, East London
- Lunch and coffee
- A 'Baby Scientist' certificate

Contact dev@uel.ac.uk and mention you found out via **Danie at Little Sing Song**
